Scranton, PA 18509

Dear Jerry and Virginia:

On behalf of all the staff and adult clients of United Cerebral Palsy of Northeastern Pennsylvania, thank you for the lovely plant. It certainly brightens up the office.

We are very pleased with the construction management and other work of Raymond & Son, Inc. Thank you, Jerry, for your efforts to keep down the costs, produce a high quality end product, and accomplish this in an amazingly short period of time. I know we gave you grief during the process, but we are very happy with the completed renovations.

Sincerely,

Jean Robertson
Executive Director
